

Hebrew Economy Video Studies

Since several of you within our circle of acquaintance are not receiving regular newsletter updates from Peaceful Meadows Retreat, I am providing on this handout a list of my studies presented there during Annual Sabbath Convocations over the last two years.

Each presentation is \$10 US (1 video) unless otherwise noted: order from Peaceful Meadows 8 Peaceful Meadows Lane, Norman, Arkansas 71960; or phone 870-334-2504. Also ask for their free newsletter!

THE FEAST OF TABERNACLES (Tabernacles '96): explores the glorious role of the Feast of Tabernacles in Scripture history and end time prophecy. Answers the question — Does the Feast of Tabernacles have anything to do with the Latter Rain?

YAHWEH'S MISTAKE? (Passover/Unleavened Bread '97): answers the question - Is Elohim (God) through with the Jews?

MODERN SORCERY AND OLD GARMENTS (Passover/Unleavened Bread '97): \$15 US - 3 hours: 2-part study on natural progesterone supplementation/therapy for osteoporosis/PMS/menopausal problems, etc., and the use of magnetic mattresses to supplement the earth's declining magnetic field and promote health and healing.

THE CLEANSING OF THE LEPER (Passover/Unleavened Bread '97): reviews the foundational role of the statutes and judgements of the Holy Torah with relation to Scripture prophecy.

JOSEPHUS PRIMER (Tabernacles '97): includes an overview of Flavius Josephus' writings and a more detailed review of certain incidents in the history of the children of Israel as recorded in Josephus' "Antiquities of the Jews."

OUR HOLY BIBLE (Tabernacles '97): reveals some of the treachery perpetrated against the Word of Yahuah by the anti-Semitic translators of the King James Version and also other versions of Scripture. Find out how we have been unwittingly victimized by men who had an axe to grind against the Torah of the Hebrews, the Sabbaths of the Hebrews, the People of the Hebrews,... and the Elohim of the Hebrews!

THE GHOST OF MARCION (Tabernacles '97): based on a study of the same name by Dan Botkin (Gates of Eden), this presentation answers from a Scriptural perspective the question ~ Did Paul invent a new religion.... called Christianity?

SELF-DEFENCE TECHNIQUES (Tabernacles '97): outlines several Torah-approved techniques for self-defence; the tactics described in this study are effective now and will remain effective even in the extremely treacherous conditions of the NWO (New World Order)-induced end-time final crisis!

PRAYING FOR CURSES (Tabernacles '97): examines the historical and end-time work of Moshe (Moses) and Eliyahu (Elijah). Gives practical instruction on how and when to pray for curses.... and not get burned or starved yourself! Strong meat for those who are past the time for milk.

HEAVEN'S UN (Tabernacles '97): tells exactly how Heaven will unite men from all nations at the end of the age to form the glorious "Heaven's United Nation." Shows how the mighty prophecy

describing this organization has been hidden from our view by anti-Semitic Bible translators, leaving us wide open for the wiles and deceptions of Lucifer's United Nations in New York City!

THE DAY OF VENGEANCE (Passover '98): have you ever wondered how the Messiah could say that He did not come to destroy the Tor ah (or Law), and that not a jot or tittle of the Teachings of Moshe (Moses) would pass away till all of the teachings of Moshe were established (fulfilled).... while simultaneously refusing to stone the woman caught in the act of adultery, even though this punishment was clearly prescribed in the Law of Moshe? This study reconciles the apparently irreconcilable, and in the process challenges you, the viewer, to follow the Lamb whithersoever He goeth.... including through His end time metamorphosis from Lamb to Lion of the Tribe of Yahuda (Judah)! "Vengeance is mine — I will repay," says Yahuah.

"SUPER" NATURAL HEALING (Passover '98): begins with a discussion of certain elements of natural healing — Vitamin B-12, mineral salt, etc. — and then moves into a review of supernatural healing in Scriptural history and in the end time, illustrating the role of the tallit and tzitzit (the Jewish prayer shawl with tassles as described in Numbers 15) and the Torah which they represent, as a conduit for, or point of contact with, Heaven's healing power.

ACCEPTABLE SACRIFICE (Passover '98): when we learn from Scripture that we cannot properly observe any Sabbath, weekly or annual, without offering sacrifices, what shall we do? discard all Scriptural Sabbaths and become Evangelical/ Pentecostal, following the example of the Worldwide Church of God..... or begin again to offer animal sacrifices, starting with a lamb at Passover, as some groups are doing today.... or shall we search deeper into the concept of acceptable sacrifice and then seek to observe all Scriptural Sabbaths in a way pleasing to the Heavenly Family? An important study for any who are pondering these questions.

BLOOD ON THE DOORPOST (Passover '98): when the destroying angel passed through the land of Egypt 3500 years ago, only blood on the doorpost kept the firstborn son of any household from instant death! This study offers instruction from the Holy Torah on how we who live at the end of the age may obtain the same protection when the destroying angel visits our planet again shortly on the Day of Vengeance.

THY KINGDOM COME (Pentecost '98): \$20 US - 2 videos; this 3 1/2 hour presentation provides a glimpse of several aspects of the Kingdom of our Heavenly Father; good introduction to a number of Hebrew economy concepts and how to use them in prophecy, praise, prayer, proclamation, etc.

VIDEO UPDATE

Tabernacles '99 video studies as described below are now available from Peaceful Meadows. Only my presentations are noted here, but the reader is advised that many other excellent video studies from dozens of other speakers are available from Peaceful Meadows Video Ministry—please contact them for a complete list of available titles.

THE CITY OF THE GREAT KING (Tabernacles '99): explains why Jerusalem merits this awesome title given to it by the Messiah Himself, and in the process provides an overview of this unique area from Creation till Kingdom Come. Includes a brief discussion of the Tree of Life, plus a presentation and examination of actual (not fake or artificial) fruit from this marvellous tree! If you can get only one study from Tabernacles '99, then this is the one to get!

WISE MEN FROM THE WEST (Tabernacles '99): in ancient times, wise men from the East journeyed to Jerusalem to seek insight into Heaven's providence and blessed intervention in the affairs of the human family. Should wise men today make the same journey? The answer given in this study is "YES," and the reasons for this answer are provided and discussed.

HEAR A LITTLE-THERE A LITTLE! (Tabernacles '99): deals with several different subjects including e-mail/ the Internet/ the World Wide Web, racial integration, interracial marriage.....and how these matters relate to the

Torah and end-time prophecy.

Please note: these three video studies utilize what I currently understand to be the best pronunciation of the Sacred Names, specifically Yahuwah for the name of our Heavenly Father, and Yahuwahshua for the name of His Son and our Messiah.
